A unique approach to Spanish reading

comprehension, Spanish for Reading can be used as a textbook supplement in classrooms or by anybody who is teaching himself Spanish. It begins by demonstrating similarities between words and parts of words in Spanish and English, and proceeds to offer practical instruction that will help readers broaden recognition of words and phrases. Each of the book's fifteen chapters concludes with a reading passage, the first of them quite easy to comprehend, and successive passages increasingly complex and sophisticated. Early passages are simple essays on Spain's and the Spanish-speaking world's language, geography, and culture. Later passages are excerpts from well-known works by world

renowned Spanish writers, including Jorge Luis Borges, Pablo Neruda, and Gabriel Garcia-Marquez. Students who use this volume methodically will ultimately be reading and understanding these passages in their original, unedited Spanish, without need to seek outside help. Short of spending time in Spain or Latin America, here is as good an introduction to Spanish culture as a student will be able to find anywhere. Photos and line drawings.
Choque de titanes
Penguin UK
Más allá de la cordillera de los Primeros nacidos se alza un castillo indómito que, según cuenta la leyenda, fue habitado por los titanes. Dentro está la forja mágica donde el camafeo de Guerón deberá ser destruido. Dévora contará con Vaiel,

su fiel amigo, Drigán, el sorprendente caballero del dragón, Sirián, la poderosa animista del círculo blanco, y Zurah, la bruja oscura de magia letal. Los hermanos Lilian y Leonardo, por su parte, escribirán con sangre y dolor un destino solo reservado para los héroes. Al otro lado de la región de Ampiria, en los adentros de las llanuras ardientes de Llaídra, un maestro surge de la oscuridad para instruir a Kovar, su acólito, preparándole para la conquista de toda la región. Los reyes caerán, los imperios fenecerán y la vida se rendirá a los pies del nuevo maestro. ¿Conseguirán finalmente su propósito, los adeptos de la oscuridad? ¿Se atreverá Dévora a usar el camafeo de Guéron?

Spanish for Reading

Joaquín Collado

Percy Jackson is about to be kicked out of boarding school...again. And that's the least of his troubles. Lately, mythological monsters and the gods of Mount Olympus seem to be walking straight out of the pages of Percy's Greek mythology textbook and into his life. Book #1 in the NYT best-selling series, with cover art from the feature film, *The Lightning Thief*.

El mito Barrons
Educational Series
Bonaparte sigue al joven corso Napoleón en su ascenso en la esfera política europea. En la primera parte de esta biografía Patrice Gueniffey relata los años de infancia, el traslado a Francia y el aprendizaje militar, tras lo cual Napoleón destaca como revolucionario, como brillante militar en Italia y en Egipto, para a continuación tomar control del rumbo de la Revolución francesa y erigirse como cónsul vitalicio.

Les Miserables

The Craftsman Serie Antropologica

The Mediterranean theater in World War II has long been overlooked by historians who believe it was little more than a string of small-scale battles--sideshowes that were of minor importance in a war whose outcome was decided in the clashes of mammoth tank armies in northern

Europe. But in this ground-breaking new book, one of our finest military historians argues that the Mediterranean was World War II's pivotal theater. Douglas Porch examines the Mediterranean as an integrated arena, one in which events in Syria and Suez influenced the survival of Gibraltar. Without a Mediterranean alternative, the Western Allies would probably have committed to a premature cross-Channel invasion in 1943 that might well have cost them the war. Brilliantly argued, with vivid portraits of Churchill, Montgomery, FDR, Rommel, and Mussolini, this original, accessible, and compelling account of a little-known theater emphasizes the importance of the Mediterranean in the ultimate Allied victory in Europe in World War II.

Venezuela Heroica: Historical Vignettes;
Trans. by Ignacio L. Gotz
Lulu.com
Drawing on evidence never before seen in the West, including combat records of early engagements, David Glantz claims that in 1941 the Red Army was poorly trained, inadequately equipped, ineptly

organized, and consequently incapable of engaging in large-scale military campaigns - and both Hitler and Stalin knew it. He provides a complete and convincing study of why the Soviets almost lost the war that summer, dispelling many of the myths about the Red Army that have persisted since the war and soundly refuting Viktor Suvorov's controversial thesis that Stalin was planning a preemptive strike against Germany.

Crónica visual de la Segunda Guerra Mundial

Ediciones Robinbook

One of the least-known stories of WWII was Operation Mars, a Soviet operation designed to dislodge the German Army from its position west of Moscow. This account of a catastrophe censored from postwar Soviet histories reveals key players and details major events, using sources in German and Russian archives to reconstruct the historical context of Operation Mars and review the entire operation from High Command to platoon level. Includes bandw photos and maps.

Choque de titanes: La victoria del Ejército Rojo sobre Hitler .

Why do people work hard, and take pride in what they do? This book, a philosophically-minded enquiry into practical activity of many different kinds past and present, is about what happens when people try to do a good job. It asks us to think about the true meaning of skill in the 'skills society' and argues that pure competition is a poor way to achieve quality work. Sennett suggests, instead, that there is a craftsman in every human being, which can sometimes be enormously motivating and inspiring - and can also in other circumstances make individuals obsessive and frustrated. The Craftsman shows how history has drawn fault-lines between craftsman and artist, maker and user, technique and expression, practice and theory, and that individuals' pride in their work, as well as modern society in general, suffers from these historical divisions. But the past lives of crafts and craftsmen show us ways of working (using tools, acquiring skills, thinking about materials) which provide rewarding

alternative ways for people to utilise their talents. We need to recognise this if motivations are to be understood and lives made as fulfilling as possible.

The Great War Macmillan
From the author of *Future Shock*, a striking way out of today's despair . . . a bracing, optimistic look at our new potentials. The Third Wave makes startling sense of the violent changes now battering our world. Its sweeping synthesis casts fresh light on our new forms of marriage and family, on today's dramatic changes in business and economics. It explains the role of cults, the new definitions of work, play, love, and success. It points toward new forms of twenty-first-century democracy. Praise for *The Third Wave* "Magnificent . . . an astonishing array of information."—The Washington Post "Imperishably fresh."—Business Week "Will mesmerize readers, and rightly so."—Vogue "Alvin Toffler . . . has written another blockbuster . . . a powerful book."—The Guardian "Fresh ideas, clearly explained. . . . Toffler has proven again

that he is a master.”—United Press International “Toffler has imagination and an ability to think of various future possibilities by transcending prevailing values, assumptions and myths.”—Associated Press “Once you have walked into his version of the future, you may decide never again to whitewash some of the built-in frailties of the real present.”—Financial Post “Rich, stimulating and basically optimistic . . . will unquestionably aid many to a greater understanding of [today’s] puzzling social changes.”—The Globe & Mail “A detailed breathtakingly bold projection of the social changes required if we are to survive. . . . Toffler’s vision of a democratic, self-sustaining utopia is a brave alternative to recent grim warnings.”—Cosmopolitan

Choque de titanes
Penguin
Noviembre de 1941, la Blitzkrieg de la Wehrmacht había empujado al Ejército Rojo a las puertas de Moscú. Sin embargo, menos de cuatro años después, la hoz y el martillo ondeaba sobre las ruinas del Reichstag. Un símbolo

elocuente del final de una pugna a vida o muerte que supuso el triunfo de la Unión Soviética sobre la Alemania nacionalsocialista, en el que fue, sin lugar a dudas, el frente decisivo de la Segunda Guerra Mundial. Narrado con una prosa extraordinariamente ágil, en esta edición revisada y ampliada de la original *When Titans Clashed*, publicada en 1995, David M. Glantz, una de las principales autoridades en el estudio del ejército soviético, y Jonathan M. House, presentan una interpretación, novedosa en buena medida, de lo que en la URSS se conoció como la "Gran Guerra Patriótica", al abordarla desde la perspectiva soviética, tan a menudo sesgada u obviada. Los autores, con información inédita de fuentes soviéticas clasificadas hasta la fecha, ofrecen un análisis del conflicto que renueva radicalmente nuestra comprensión de la experiencia de la URSS durante la Segunda Guerra Mundial. *Choque de titanes* ofrece recientes revelaciones sobre la estrategia y las tácticas del Ejército Rojo y el papel de Stalin como su comandante supremo, nos acerca al surgimiento de innovadores

comandantes fogueados en el fragor del combate, desvela numerosas operaciones militares que hasta el momento se habían pasado por alto o minusvalorado, señala los errores de cálculo alemanes en el camino hacia la capital roja, el efecto sobre el esfuerzo soviético del Día D y el "segundo frente" y el impacto devastador de la guerra sobre la economía soviética y la población civil. Un libro imprescindible para comprender por qué fue la bandera roja la que ondeó sobre el Reichstag y no la esvástica sobre el Kremlin.

Companion to Colossus Reborn Library of

Alexandria
John Keegan's groundbreaking portrayal of the common soldier in the heat of battle -- a masterpiece that explores the physical and mental aspects of warfare The Face of Battle is military history from the battlefield: a look at the direct experience of individuals at the "point of maximum danger." Without the myth-making elements of rhetoric and xenophobia, and breaking away from the stylized format of battle descriptions, John Keegan has written what is

probably the definitive model for military historians. And in his scrupulous reassessment of three battles representative of three different time periods, he manages to convey what the experience of combat meant for the participants, whether they were facing the arrow cloud at the battle of Agincourt, the musket balls at Waterloo, or the steel rain of the Somme. The Face of Battle is a companion volume to John Keegan's classic study of the individual soldier, The Mask of Command: together they form a masterpiece of military and human history.

When Titans Clashed

This book contains the companion appendixes to Colossus Reborn by David Glantz published in 2005 by University Press of Kansas.

Bolívar-- pensamiento y acción al servicio de la libertad de Sur

América Ediciones AKAL

For more than a century, Venezuela Heroica has been a source of inspiring stories for Venezuelan schoolchildren. Now ably translated and profusely annotated, the book retains the literary beauty and entertaining

character of the original, presenting a vivid account of the Venezuelan wars waged against Spain while seeking independence. Stories of the major battles and the most famous heroes of the Independence Wars, as well as reflections on the conditions, political and otherwise, that attended the first decades of the Republic, can now be further enjoyed in this insightful and masterful translation.

Stumbling Colossus

Disney Electronic Content

On the 24th of February, 1815, the look-out at Notre-Dame de la Garde signalled the three-master, the Pharaon from Smyrna, Trieste, and Naples. As usual, a pilot put off immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island.

Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like the Pharaon, has been built, rigged, and laden at the old Phocce docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which

some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked one another what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the side of the pilot, who was steering the Pharaon towards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside the Pharaon, which he reached as she rounded

into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned over the ship's bulwarks. He was a fine, tall, slim young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

Recollections of My Life Modern War Studies (Hardcover)

Ésta es la historia de ocho chicos de un prestigioso internado que, el primer día de curso, son atacados por el profesor de educación física, el cual lanza extrañas nubes grises por las manos y ha dejado inconsciente a la mayoría de los estudiantes. Lo más sorprendente es que, poco a poco, los alumnos del internado Sáez empiezan a descubrir espantados que ellos también poseen poderes, tales como controlar el fuego, invocar hielo o incluso, ser capaz de predecir el futuro. No obstante, no les resultará tan fácil desprenderse de sus nuevos dones, pues los necesitarán para hacer

frente a los innumerables peligros que se ciernen sobre los ladrillos del internado. A parte de tratar de averiguar el porqué de estas habilidades, los residentes del Sáez tendrán que tratar de detener a un lunático maestro, tres fantasmas centenarios y lo que más les costará combatir: Sus propios sentimientos.

Mitología universal
Bantam

La historia del hallazgo que ha revolucionado la Historia del Arte y el Museo del Prado. La Gioconda, el retrato más famoso del mundo, tenía una hermana gemela en el Museo del Prado escondida a la vista de todo el mundo. El descubrimiento del paisaje oculto por un fondo negro, añadido siglos después de su creación, ha movido los renglones de la historia del arte, las portadas de los periódicos, las radios y los telediarios, para convertirse en un nuevo referente pictórico, y en perfecto estado de conservación. El cuadro, intachable y sereno, no apareció hasta que las casualidades se alinearon con el talento y la transformaron en estrella de la noche a la mañana. Desde hace un año, Las

Meninas de Velázquez y La maja desnuda de Goya comparten su protagonismo en el Prado con una pintura que hasta hace poco era un patito feo en la colección. La otra Gioconda es la crónica del mayor hallazgo de la historia del arte en el último siglo. Peio H. Riaño, testigo privilegiado de los intensos momentos que vivieron los investigadores del museo cuando desvelaron el secreto, rastrea las huellas que esta misteriosa pintura dejó en su nacimiento en el taller de Leonardo da Vinci, y anticipa las claves que revelan quién es su autor, quién es la retratada, cómo llegó a España, dónde estuvo antes de pasar a la colección del museo, quién mandó cubrir el paisaje y por qué, o qué beneficios económicos reporta una pintura como ésta a un museo como el Prado.

Zhukov's Greatest Defeat
Routledge

La expresión Guerra Fría, popularizada en 1947 por el periodista Walter Lippmann, alude al prolongado conflicto que enfrentó a la Unión de Repúblicas Socialistas Soviéticas y a Estados Unidos por la hegemonía mundial. Una pugna que

se libró en los frentes político, económico, científico, militar y cultural, donde el cine desempeñó un gran papel. Las películas, de los más variados géneros y estilos fueron el mejor medio de persuasión para inculcar al espectador un orden simbólico que justificase la ideología de cada superpotencia. Pero, también, desafiando a la censura, y gracias a sus sofisticadas formas

narrativas e iconográficas, el cine plasmó de manera certera las tensiones sociales y políticas de toda una época, proporcionándonos un documento histórico de primer orden protagonizado por personajes tan diversos como Iósif Stalin, Ronald Reagan, Lev Kuleshov, Sylvester Stallone, Nikita Jruschov, Billy Wilder, Grigoriy Chukhrai, John Wayne, Alfred Hitchcock,

John Le Carré o Steven Spielberg.
